33FT // 1987

Butty  
Workshop and Cabin

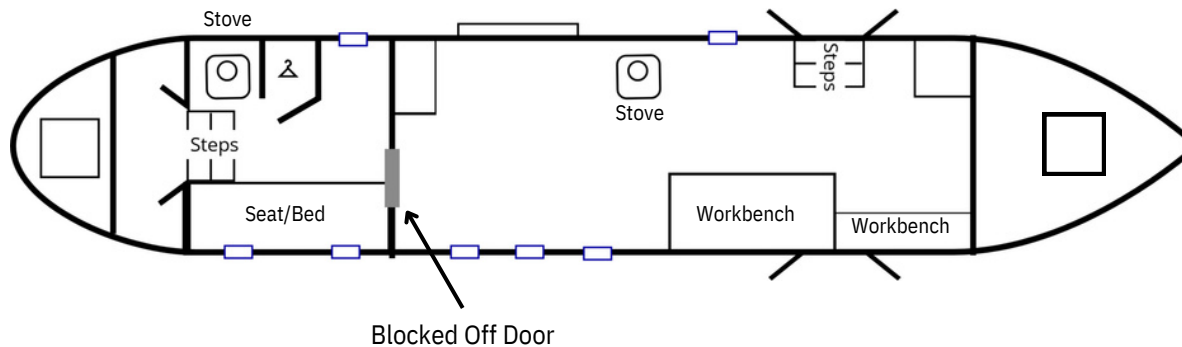

### SUMMARY

A rare opportunity to purchase a traditionally styled butty boat built by MIKE HAYWOOD.

This boat was used as moveable workshop and features an all steel construction, small cabin and large workshop space.

The two spaces within the boat are currently separated by a timber panel which could easily be modified to provide simple access. Heating is provided by two multiuel stoves.

This boat provides an excellent opportunity for anyone looking for extra space or thinking of developing a canal side business.
